Scientific Topics

Ion collisions with atoms, molecules, surfaces, MOTs and plasmas
Atoms and molecules in strong fields - lasers, FEL, relativistic high Z-ions
Ion coherent excitation in crystals, guiding in microcapillaries
Electron emission in ion-atom collisions

International Organizing Committee:

T.J.M. Zouros (chair), T. Kirchner (co-chair), T. Azuma,
B.D. DePaola, P. Fainstein, JP. Hansen, X. Ma, R. McCullough,
E.C. Montenegro, J. Tanis, L. Tribedi, D. Vernhet, A. Voitkiv
